

CALL FOR OBAMA'S RESIGNATION

by
Hilmar von Campe

On June 09, 2010 WorldNetDaily published *A CALL FOR OBAMA'S RESIGNATION*, by (ret) Maj. General Paul Vallely who has issued a call for President Obama's resignation and a new election to replace him. Vallely served in Vietnam and retired 1991 from the U.S. Army as deputy commanding general for the Pacific.

On June 10 WorldNetDaily published a statement of Tim Adams, a former senior elections clerk for the city and county of Honolulu who now teaches English at Western Kentucky University: "There is no birth certificate. It is like an open secret. There isn't one. Everyone in the government there knows it," reports Joe Kovacs quoting Adams. "I had direct access to the Social Security database, the national crime computer, state driver's license information, international passport information, basically anything you can imagine to get someone's identity. I could look up what bank your home mortgage was in. I was informed by my boss that we did not have a birth record." According to Tim Adams the Queen's Medical Center in Honolulu and the Kapi'olani Medical Center for Women and children informed his office "We don't have a birth certificate of him. Neither one has a document that a doctor has signed off."

Bob Unruh, who wrote the report on General Vallely quotes him in his speech which he delivered to a Lincoln Reagan dinner in Virginia City, Mont, at the beginning of June which is now published in his *Stand Up America* website "We now must call for the immediate resignation of Barry Soetero (AKA President Barack Hussein Obama)...based on incompetence, deceit, fraud, corruption, dishonesty and violation of the U.S. oath of office and Constitution"

"We cannot permit the present leaders in the White House and halls of Congress to continue to lead us down the road of progressive socialism and destruction of America. That is the current battle that we constitutionalists face, and we must be aggressive in our efforts." He quoted the Declaration of Independence and Abraham Lincoln that the American people have the right to dispose of any administration which is violating the spirit and the moral demands of our Constitution through the way they act. The general told WND that he is speaking as an American citizen who wants to see the nation restored to a role of world leadership peacefully.

I published my first warning about Obama on April 17, 2008 and in my book *Defeating the Totalitarian Lie* I have the same warning. I wrote that he has a hidden agenda. I then began to write about the similarity of his and Hitler's road to power — by lying to the people. I just can't understand why the American people and many commentators allow him to get away with his destructive policies and think that the November elections will bring about the desired change. It could happen but a legal election is not guaranteed at all. Most people do not know what they are facing and why. I do know what they are facing because I grew up in the Nazi totalitarian system and lived through the destruction of our family and country.

Germany went down because of godlessness. That means throwing God out of a nation. America has come to follow the road of Nazi Germany. How does one throw God out? By not obeying His commandments as a person and a nation by making and following laws for society which destroy the moral fibre. I am most grateful for General Vallely who has the guts to call a spade a spade and addresses spade in the heart of Barry Soetero, called Barrack Hussein Obama, who is leading the assault on the foundation of our freedom. His foreign policy sides with our enemies especially and is especially dangerous with regards to Israel. There will be no peace for Israel being pushed into delivering more land and part of Jerusalem to terrorists.

If Obama gets his way we shall end in a Socialist/Communist world order as slaves for an international bureaucracy and our children and grandchildren will be forced into godlessness.

General Paul Vallely needs the back up of the American people. I shall back him up as best as I can.

WE NOW MUST CALL FOR THE IMMEDIATE RESIGNATION OF BARRY SOETERO, says the general.
